**COVER:** Shona Wilson, Castro Valley, California

## Flames are awesome!

What better way to properly commemorate the first ever California Convention than with a cool California car? These Falcon flames were spotted on Shona Wilson's 1963 convertible at the Sacramento National Meet in July. Shona won Third Place in the Daily Driver 1963-1965 Convertible class. See a picture of her entire car on page 18.

Do you have a photo of your Falcon that you think should be on the cover of The Falcon National News? Send it to the Editor along with a paragraph or two describing the car. Please include a self addressed STAMPED envelope if you want your photo returned.

Lupton, CO 80621 — 303-857-9360. Send a notice to the Editor of the Falcon News for publication in the next issue. List your correct address and phone for contact information.

### ADDRESS CHANGING?

**NOT RECEIVING YOUR NEWSLETTER?  
NEED TO RENEW YOUR MEMBERSHIP?**

Please address all membership concerns and questions to Ruby Throgmorton, Corresponding Secretary. Her address is on page 2 of every issue of the Falcon National News. Her email address: [RubyRTFCA@aol.com](mailto:RubyRTFCA@aol.com)

## President's Message

**T**he holiday season is upon us once again. In the colder areas of our Falcon World, many of the Falcons are put up for the winter months, while in the warmer areas the Falcons are still up and about, maybe even participating in a Holiday Parade or two. There is nothing more festive than a Falcon with a wreath on the grille.

No matter where you are, this is a season especially for remembering family and friends, and so Carol and I reflect on our many friends within the club. May you all have a joyous holiday season and enjoy spending some time with family and special friends within our Falcon Club of America.

This is the Annual "special" edition of the Falcon Newsletter featuring the National Convention. What a great job the River City Chapter did! I hope by now they have all recovered from the hard work. You can see by the pictures that they provided a great environment for some great Falcons and great Falcon folks. I hope everyone gets as charged up as I do looking through this issue and makes their plans for next year's National Meet in New England, hosted by the Northeast Chapter. Once you go to a National show it is difficult to miss the next one. There will be lots of details about next years National Meet in New England beginning in the January issue of The Falcon National News.

This issue also features New Members of the FCA and Chapters by Region. New members — look here for a local Chapter. Chapters, look for new members in your part of the country and welcome them into your club.

The Music City Chapter will be our hosts for the 2002 National Meet. Several other chapters have already inquired about 2003 and beyond, so we're looking forward to some good times ahead.

Be sure to remember the Falcon Club Store and the Falcon Vendors when you do your Christmas Shopping.

Again, Carol and I wish each and every one of you a very happy and safe Holiday Season.

P. S. Attention all Chapters - It's that time of year again — please send your chapters roster to the Falcon Club of America Recording Secretary, Joe Tatti.

*Steve and Carol*

# California Dreaming Becomes a Reality in Sacramento

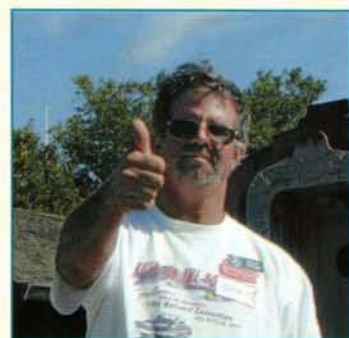

The River City Chapter hosted the 21<sup>st</sup> FCA National Convention on July 13-15, 2000, at the Radisson Hotel in Sacramento, California. This was the 1<sup>st</sup> FCA National Convention to be held on the West Coast.

For many years, the River City Chapter dreamed about holding a national convention on the West Coast. After years of planning and a lot of hard work, the dream became a reality. The chapter's dream was not the only dream to come true. Many falcon lovers from across the country and beyond attended the 2000 Convention and fulfilled their own dreams.

The show set-up began Wednesday night July 21, 2000, and participants started arriving at the hotel the next day. On Thursday morning a full busload of Falcon enthusiasts were off to beautiful Lake Tahoe. As Thursday progressed, more and more guests arrived for the show and show helpers were busy registering participants and assigning parking spaces. The swap meet down the street was in full swing and the early birds had the best selections.

By Friday, more people arrived for the show. The 2-way radios came in handy for the show helpers as parking lots began to fill with Falcons. On Friday morning, a caravan of Falcon lovers headed to the Craig Breedlove "Spirit of America" facility. Craig was a gracious host and the tour provided people with an overview of what it takes to compete for the world's land speed record. Later Friday, a mini-car show of Falcons was held on the waterfront of Old Town Sacramento.

Then came Saturday — the day of the really big show. Falcons were everywhere, not to mention a LOT of people. Approximately 450 persons were

registered for the show, and the official count of Falcons on the show field was 216! Many people attended the show that were not registered for the show, they came to browse the parking lots and look for good deals at the swap meet.

By Saturday afternoon, the ballots were cast for favorite Falcons, and the annual meeting was held. The annual meeting provided the membership with a rare opportunity to participate in the business of the Falcon Club of America. Just when you thought you couldn't cram much more fun into the day, it was time for the Awards Banquet.

Approximately 500 people attended the awards banquet. The food, entertainment, slide show, and company were great! By 9:30 PM, the banquet was concluded and the convention was suddenly over. What a great time!

Because of my involvement with the show, I did not see as many Falcons or meet with as many persons as I wished. However, as I look back at the show, there are some special moments that stand out that I would like to share:

Hearing comments about the large number of "Daily Drivers" at the show, and the amazement of show goers at the number of Rancheros on the west coast. It's true — many club members on the West Coast drive their Falcons daily, and actually use their Rancheros for the purpose for which they were intended.

Father O'Brien's unique blessing of the food, Falcons, and us at the Banquet.

Feeling real good (because of their dedication to the FCA and their Falcon) about the smiles on the faces of Jim Wilkerson and Wendy Crosby as they held the awards they received for their beautiful Sprint Convertible. I saw lots of happy smiles on lots of others too.

The weather, in a word—Beautiful!

Walking out of the banquet, just in time for some to catch the final songs of the Electric Light Orchestra in concert.

What I will remember most, however, is the very satisfying sense of accomplishment that came from working with a great group of people united in a common cause to carry out an FCA Convention. I'm sure I speak for all of them when I say "thanks" to all of you who attended and sponsored the show. For those of you who could not make it, there's always next year!

Al Aiello, FCA #2502

# Family Safe Falcons

by Father John O'Brien

**T**here were many beautiful and wonderfully restored Falcons at the National Convention in Sacramento but there were two that I especially could not get out of my mind as we drove home in ours. These were not exactly "beat up" vehicles but neither were they show quality. They went far beyond representing the thousands of Falcons that families without too much money still need and keep running. The Falcon station wagons I have in mind had been carefully adapted for small children and painstakingly outfitted with safety features.

We thought that we had installed the ultimate safety device when we added a third stop light to the roof of our station wagon, but I must admit that we were outdone by the families who owned these two particular Falcon station wagons that caught my eye.

One young mother in the Daily Driver section had made a "play pen" in the back of her station wagon where her three little girls (ages about 4, 6 and 8) were busy with dolls and toys, "playing house." Proud of their special place in the vehicle and all ears as their mother and I talked, the girls smoothed out the wrinkles in the quilt which covered the floor of their play pen and stood their dolls neatly in the corners.

But this play pen is only for when the car is stopped such as during the long hours of convention display. The oldest little girl showed me the *six* pairs of seat belts in the front and

middle bench seats. She proudly demonstrated the proper way to put on a seatbelt, which she obviously had been taught by her parents.

I am proud to say that the registration desk at our convention had compassionately permitted another family to park their daily driver station wagon in a corner of the Masters section where the small children were in less danger of being run over. The father was busy riding herd on two live-wire boys (about 2 and 4) who wanted to run about and look at all the other Falcons. The mother, with babe in arms, was busy getting dinner out of the back of their station wagon. The tail gate was opened flat and on it were baby bottles, food, plates and utensils — even a small cookstove.

If I was not duly impressed enough with the family use they were making of their Falcon, a look at the middle seat convinced me of this family's pains for safety: there were two child's seats attached to the back of the middle bench seat, well padded and complete with little seat belts. Since the back of our middle seat doesn't always lock into position, I was bold enough to test theirs. I discovered that not only was it was firmly locked into position, on the right side, but the father had added a lock on the left as well!

Theirs was the only Falcon I saw at the convention, although there may have been others, which was also equipped with retractable shoulder harnesses in the front seat on each side for the parents. An additional seat belt had been also been added in the middle of the front bench seat.

Of course I know that there are "purists" among us who insist on restoring our Falcons to the exact pristine condition in which they rolled out of the factories. However, to me, it was very satisfying to find these families who own forty year old Falcons exceed the requirements of the law — for the protection of their children.

---

Father O'Brien is a member of the Sonoma County Chapter (California) where he serves as Chapter Historian. His daily driver for "quite a few years" is a Falcon Station wagon.

# Falcon

## COMPLETE INTERIOR KITS
